m Add me to your mailing list.

m Send me the production system as soon as it is available. I know that the 60 day support starts on the shipment of the production system. I want to take advantage of the introductory prices by ordering now, see below.

m Send me the beta test version of BSD/386 with a free upgrade to the production version. I acknowledge that beta test software is not suitable for review or production systems. I have provided a phone number above.

Description	Cost	Quantity	Total (GB £)
BSD/386 software on QIC-150 tapes, boot disc and 60 days support	£625		
Additional Binary Right to Use licenses	£125		
One year of electronic mail support and upgrades	£325		
One year of telephone support and upgrades	£1000		
One year additional right of use support	£35		
Shipping per software set – make sure you add either £12/set for the UK or £29/set for the rest of Europe			
VAT – add 17.5% in the UK only			
Total sent with order £			

All payment must be in advance in British Pounds, cost of the exchange must be paid by the purchaser. We will try to be quicker, but please allow 28 days for delivery. Please note our shipper needs your phone number.
